BEWARE OF MINERAL POISONS.

DR. J. BOVEE DODS' CELEBRATED VEGETABLE MEDICINES,

HIS IMPERIAL WINE BITTERS,

For the cure of Incipient Consumption, Weak Lungs, Weak Stomachs, Indigestion, Dyspepsia, General or Nervous Debility, Piles, and all diseases requiring a Tonic, are unsurpassed. They are made of a PURE Sherry Wine, and aside from their medicinal properties, they are a most wholesome and delightful Beverage.

HIS BRANDY CATHARTIC,

Is a sure remedy for Costiveness, Liver Complaint and Dyspepsia. They are pleasant to the taste; sure in their operation; and as a Cathartic, *entirely, effectivly and positively* supersede the use of Pills, so nauseous and disagreeable to the taste.

HIS IMPERIAL GIN BITTERS

Act on the Kidneys, Bladder and Urinary Organs, and are a superior remedy for Dyspepsia, connected with Liver Complaint in all its forms.

For Female Obstructions they are truly valuable, made of pure Holland Gin, pleasant and agreeable to the taste, and may be well termed a necessary FEMALE COMPANION.

HIS CATHARTIC SYRUP,

For Infants, Children and Delicate Females, is certainly one of the most desirable and valuable Medicines in the world. It is a perfect SUBSTITUTE for CALOMEL, acting on the Liver, removing all obstructions in the Bowels, curing Costiveness, Indigestion and Dyspepsia. Although it is as sure and effectual in its operations as Calomel, yet it is so delicious to the taste, that children will cry for it, and it is as gentle, innocent and harmless as the dews of Heaven. Thousands of mothers throughout the land will bless the discoverer of this invaluable Medicine.

MAYNARD & NOYES'

PERMANENT BLACK

WRITING INK.

TESTED FOR NEARLY HALF A CENTURY.

MESSRS. MAYNARD & NOYES: Gentlemen—I am glad that longer use of your Writing Ink enables me to repeat the testimony given in its favor many years ago. I have used it in this office thirty-seven years, and my oldest records are as legible and black as when first written. This rare quality for permanence renders it invaluable for State and County Records, and all mercantile purposes, where it is important that the writing should remain legible, and unchanged in color by the lapse of time.

REGISTRY OF DEEDS OFFICE, Boston, Jan. 10, 1859.

HENRY ALLINE, Register of Deeds.

The above popular Ink, together with **RED, CARMINE** and **COPYING INK**, is for sale by the Manufacturers, at No. 51 WATER STREET, BOSTON; also, at Wholesale and Retail, by Stationers and Booksellers throughout the United States and British Provinces.

DIRECTION LABELS,

OF

PARCHMENT, CLOTH, AND PAPER CLOTH, AND TAGS OF EVERY DESCRIPTION,

MANUFACTURED BY

VICTOR E. MAUGER,

No. 115 Chambers Street, New York.

The subscriber having perfected his Machinery for the manufacture of the above DIRECTION LABELS, would respectfully intimate to the Manufacturers, Merchants, Bankers, Express Companies, and Hotel Proprietors of the United States, that he is now prepared to execute orders for any quantity, at the shortest notice, and in the best possible manner.

Although, considering their recent introduction, the LABELS are generally known and appreciated, for the benefit of those who may not as yet have used them, from among their numerous advantages, the following may be submitted:

1. Their Cheapness.—The price of them generally exceeding little, if any, the price, paid for COMMON CARDS, indeed, in many instances, the latter costing MORE.

2. Their Strength and Durability.—The Material (at least the Cloth and Paper Cloth) is manufactured for the EXPRESS PURPOSE. The Parchment Labels are made from GENUINE BRITISH SKINS only, well known to be the strongest material in existence for writing purposes. The eyelit being strongly inserted through two to four ply of the folded Parchment, Cloth, and Paper Cloth, the liability of their giving way at that point is reduced to a minimum. THE PARCHMENT AND CLOTH LABELS are confidently recommended as being capable of withstanding almost any amount of bad weather and hard usage.

3. Their Convenience.—This is apparent: a dozen may be written out and securely attached to the same number of different packages, in half as many minutes. Besides the foregoing, Merchants well know, when sending away goods, the advantage of having their names and addresses attached to them, in case of mistake in forwarding or otherwise.

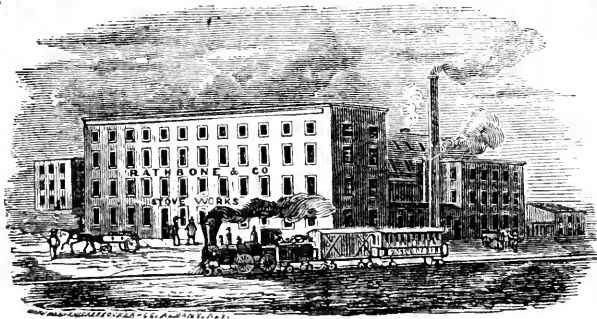

4. The Printed Direction Labels are obviously the BEST, MOST STRIKING, and CHEAPEST ADVERTISEMENT in use.

☞ Samples and Prices of any size or kind sent on application.

FOR THE YEAR

MISCELLANEOUS MATTER.

ALBANY:
PUBLISHED BY ADAMS, SAMPSON & CO.,
No. 78 STATE STREET.

Entered according to Act of Congress in the year 1860, by ADAMS,

the Northern District of New York.

P R E F A C E.

In presenting this volume of the Albany City Directory to the public, the Publishers feel assured that it will be found more complete and reliable than any of its predecessors; none but competent and experienced men have been employed to collect and compile the information contained herein, and the following figures will show they have executed their duties with exceeding great care.

The number of names in this issue is 16,887 which is 1,694 more than in that of last year; the number of new names added is 5,148; the whole number of alterations in the names, places of business and residences is 7,505; the number of names erased from last year's list is much less than it ordinarily has been. This fact is due to the greater thoroughness in canvassing, as well as to the comparatively few removals from the city, which have occurred during the past year. The state of business also has been such as to encourage those already here to remain, and to attract to our city great numbers from abroad; whereas the depression of business during the previous year was such as to induce numerous removals from the city, and to repel immigration.

The Advertising Department of the Directory has been improved, and rendered more serviceable, by inserting the names of the Advertisers in the Business Directory in CAPITAL LETTERS, thereby causing them to be more readily observed; and, also, in connection with their names, reference is given to the page on which their notice may be found. We intend to make it a decided object for business men to advertise in the Directory, and hope to see its pages extensively employed for that purpose, to the advantage of the advertisers and their customers, as well as to our own; and to that end shall place one copy on each passenger boat running to and from the city, one in each of the rail road stations, and all other similar public places within the limits of Albany.

The Publishers renew their thanks for the readiness with which the necessary information has been furnished by the public generally, and especially to those who, as advertisers or otherwise, have encouraged the work by substantial aid.

R. GROOM, Agent.

No. 341 BROADWAY, ALBANY, N. Y.

The following testimonial was received from Alderman J. SCHUYLER of this city. This is only one of the many equally flattering testimonials in my possession, showing the superiority of these scales over all others.

R. GROOM—SR: In the Spring of 1856, you put up in my yard, corner of Bassett and Franklin Streets, one of your Four-Ton Coal Scales. At the same time FAIRBANKS put up in my yard at No. 175 Broadway, one of his Coal Scales of the same capacity. Since then, to the present time, both scales have been in constant use and tested thoroughly. I am confident that the scale put up by you is, in every respect, far superior to the one put up by Fairbanks. I cheerfully recommend the scales of your manufacture, to all others, being satisfied that they cannot fail to give perfect satisfaction.

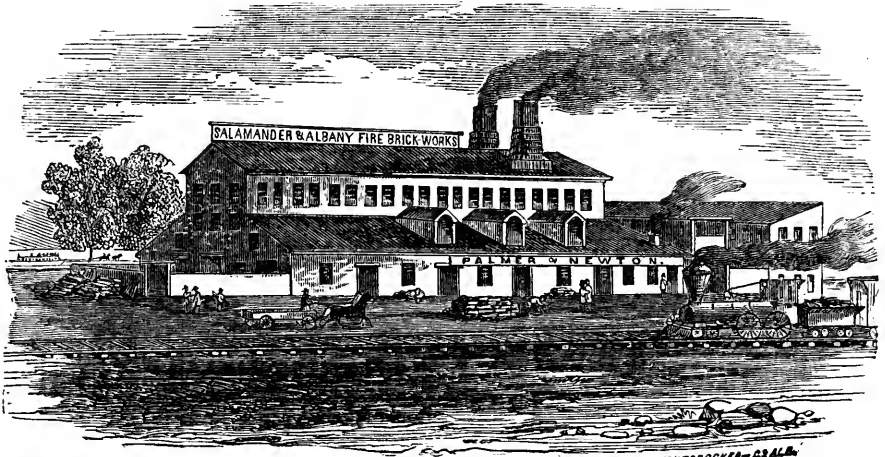

Albany, October 19, 1858.

Yours Truly,

JAMES SCHUYLER.

A WORD OF CAUTION.

The well earned reputation of these SCALES has induced the venders of imperfect and worthless balances to offer them as "FAIRBANKS' SCALES," and purchasers have thereby in many instances been subjected to fraud and imposition.

FAIRBANKS' SCALES are manufactured at no other place than St. Johnsbury, Vt., where the business is still conducted under the supervision of the original inventors.

Nearly all the Rail Roads in the United States and Great Britain are supplied, in whole or in part, with these Scales. More than seven-eighths of all the merchandise, coal, hay, grain, stock, &c., bought and sold in the United States and the Canadas, is weighed on Fairbanks' Scales.

Analytical Laboratory,

ALBANY MEDICAL COLLEGE, May 2d, 1859. }

I have made careful chemical examinations of several samples, from different brewings, of the article known as "MCKNIGHT'S MALT WINE," and find it to be, as represented a liquid containing nothing but the fermented extract of malt and hops. The different specimens were found to be nearly uniform in composition—the slight difference observed being principally in the amount of alcohol present, owing probably to the varying length of time that had elapsed since the brewings were made.

The Malt Wine examined contained no excess of saccharine matters, such as sugar or honey (as is often the case with similar articles), and which have the effect to mask, to a more or less considerable extent, the peculiar flavor of the hop, and at the same time to diminish the medicinal value of the malt liquors in which they are found.

The amount of alcohol contained in the "MALT WINE" is considerably greater than is generally found in American Ales. From the examinations I have made, I am satisfied that the "Malt Wine" is made from carefully selected barley and hops, and is skillfully brewed; that in point of purity, and all desirable qualities, it is fully equal to the best imported ales. As such I can confidently recommend it to the public as an agreeable beverage, and to Physicians as a desirable article for medicinal use.

WONDERFUL IMPROVEMENT IN PIANO FORTES.**

JOHN E. McNEIL,

MANUFACTURER,

155 HARRISON AVENUE, BOSTON,

Invites the attention of Musical Professors, Artists, and the public in general, to his Piano Fortes, in which he has made a very important improvement, by adopting an invention of Mr. Louis H. Browne, by which the power of an ordinary sized instrument is more than doubled, while the quality of the tone is much superior, according to competent judges, to anything ever yet heard in a Piano Forte.

The instruments I now offer to the public contain all the latest and best improvements of this inventor, made in every style, and warranted of the best workmanship and material, at moderate prices. I have had fifteen years' practice in business, and guarantee satisfaction.
